**DETAILED ACTION**

***Amendment***

1. Receipt is acknowledged of the amendment and drawings filed 24 October 2005.

***Allowable Subject Matter***

2. Claims 1-21 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The best prior art of record fails to teach an external connecting electronic apparatus connector with both hidden and rotary capabilities. For example, the best prior art of Lee (U.S. Patent No. 6,648,224) teaches a flash memory card reader with a hidden universal series bus terminal, but fails to teach the arrangement of having a rotary hidden connector. Further, the best prior art of record fails to teach the specific relationship of having a cap plate pivotally coupled on an end of the housing compartment in a turnable manner corresponding to the connector having a masked position for covering the case body and an open position turned outwards and wherein the cap plate is movable from the masked position to the open position to push the connector moving from the different positions (i.e. from hidden position to connecting position). Hence the best prior art of record fails to teach the invention as set forth in claims 1-21 and the examiner can find no teaching of the specific external connecting electronic apparatus, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the current pending claims.

Art Unit: 2876

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: U.S. Patent No. 6,808,400 to Tu, which teaches a USB connector structure with protection means.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Lisa M. Caputo** whose telephone number is **(571) 272-2388**. The examiner can normally be reached between the hours of 8:30AM to 5:00PM Monday through Friday.
